Why donate

Because every contribution counts!

Because the suffering of a child with burns leaves no one unmoved.

Every year, there are many accidents in which young children suffer severe burns. In burns centres, they are cared for with the utmost care and medical expertise. Once these children leave hospital, a very long, painful and difficult period of rehabilitation awaits them. That is also when the long road to reintegration begins.
Fortunately, there are organisations and medical professionals who do everything in their power to help children through their healing process and to repair the damage caused by burns. Their dedication and expertise are invaluable and offer hope to children and their families who have fallen victim to these tragic events. It is important that we are aware of this issue and do our best to help these children through their recovery process.

Thanks to your contribution, Help Brandwonden Kids vzw can offer support to these young victims.

How to donate

Donations can be paid into the following account:

IBAN BE25 7785 9883 2282
BIC CODE: GKCCBEBB

Help Brandwonden Kids vzw
Oude Molenstraat 117, 2400 Mol
